The LogiLink 19" LCD Writing Tablet (Art. No.: AA0183) is the largest version of these versatile learning aids, offering maximum space for creative expression. With its eye-protective LCD surface, which can be erased with a single button press and features a lock switch, it's ideal for extensive drawing and writing sessions. The integrated dry-erase whiteboard on the backside significantly expands its usage possibilities. Thanks to its lightweight design and practical stand, the tablet can be easily moved around the room. It's perfect for fostering children's imagination and keeping them engaged for hours, whether doodling, drawing, counting, or spelling.
