LogiLink HD0042 video switch HDMI

Model: HD0042

Manufacturer: LOGILINK

EAN: 4052792062403

Product Code: 1653339

R949

The LogiLink Full HD HDMI switch allows convenient switching between three HDMI input sources (video camera, DVD/Blu-ray player, game console, streaming box, etc.) via remote control, intelligent automatic detection or alternatively via switch on the switch itself. Annoying plugging and unplugging of cables is a thing of the past. Thanks to Full HD (1080p/60 Hz), you can experience media content in sharp resolution with support for HDCP (pass-through), CEC and 3D. The audio transmission in LPCM 7.1, DTS, Dolby Digital, DTS-HD Master Audio and Dolby TrueHD also leaves nothing to be desired.
