LogiLink CQM085S industrial networking accessory

Model: CQM085S

Manufacturer: LOGILINK

EAN: 4052792070613

Product Code: 1653353

R1,084

Product information "M12 CAT6A Industrial Patch Cable, PUR, M12 X-coded to RJ45, 7,50 m" from LogiLink Professional

High quality connection cable for secure, high performance data transmission in industrial production. This drag chain compatible patch cable provides network connectivity for components with M12 connectors. It is ideal for increased mechanical stress in harsh environments and industrial applications. The weatherproof cable is oil, UV, acid, temperature and hydrolysis resistant, halogen free and flame retardant.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
