

LogiLink CH0091 video cable adapter 2 m HDMI + USB Type-A DisplayPort Black

Model: CH0091

Manufacturer: LOGILINK

EAN: 4052792062304

Product Code: 1653438

R1,108

This active HDMI to DisplayPort cable transfers Ultra HD 4K video and audio signals from an HDMI-enabled video source, such as a laptop, PC, video game console, Blu-ray player, to a DisplayPort-equipped monitor or projector. The USB power cable on the side of the HDMI connector is used to power the signal converter/amplifier and can be connected via a free USB port on your computer or a USB charging adapter.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
