LogiLink NMC003 network media converter 10000 Mbit/s Black

Model: NMC003

Manufacturer: LOGILINK

EAN: 4052792075588

Product Code: 1654299

R2,592

The LogiLink Standalone Media Converter seamlessly converts electrical Ethernet signals to optical signals, enabling direct connections between copper and fiber optic cables. It is ideal for extending network reach, supporting distances of up to 20 kilometers over fiber and ensuring high availability and flexibility in the network architecture. The converter is ideal for integrating legacy networks with new cabling or overcoming length limitations.
