

Kensington USB-C Charging Cabinet

Model: K67716EU

Manufacturer: KENSINGTON

EAN: 5028252650892

Product Code: 1654981

R18,522

The Kensington USB-C® Charging Cabinet offers a secure and efficient solution for charging up to 10 compatible devices simultaneously. Delivering up to 18W to each device via fast PD 3.0 technology, it minimises downtime and supports the latest tablets, smartphones, headphones and portable gaming consoles. Its robust, lockable design safeguards devices against theft and damage, while its compact footprint optimises space, making it ideal for educational, corporate and healthcare settings. An integrated smart cooling system activates during charging to prevent overheating. With USB-C® compatibility, it future-proofs device management for the latest technology. Organised cable management and LED indicators enhance usability, making it a reliable solution for multi-user settings. Includes a 1-year limited warranty.
