The HDMI port on the Pro Multiport Hub allows you to expand your display onto a compatible TV or monitor. It supports Ultra HD 4K razor-sharp resolutions, providing feature-rich content for the ultimate immersive experience. Even at higher frame rates, the hub still provides smooth and continuous viewing without any loss or lag.

## **Gigabit Ethernet connection**

The Pro Multiport Hub also features a Gigabit ethernet port (RJ45). Ideal for when the wireless connection is inconsistent or unstable, you can now connect your laptop to the wired network by plugging in a gigabit ethernet cable.

## **Budding photographer in need of a card reader?**

The 9-Port Hub also comes with SD and microSD memory card slots. With read speeds of up to 104MB/s and write speeds of up to 80MB/s, image and data transfer is fast and super convenient.

## **Increase your working possibilities**

Get the most out of your devices, no matter the connection. Two of the USB-A ports are USB 3.2 Gen1, supporting speeds of up to 5Gb/s whilst the other is USB-A 3.2 Gen2 with speeds of up to 10Gb/s. For connection to the latest USB-C devices, there are two USB-C 3.2 Gen2 ports which offer speeds of up to 10Gb/s. Connect all your desktop accessories, old and new plus any external storage with ease.
