Designed for hot desking and flexible workspaces, this desk tidy box features two spacious compartments to store your office equipment, like your laptop, compact keyboard, water bottle, notebook and mobile phone. Three useful elastic holders are on hand to store pens or cables, and it features a removable small inner tray that can be placed on your desk to keep smaller items like your mouse, chargers, earbuds and even your hand cream or lip balm neatly organised and accessible in a flash.

But what really sets this portable office caddy apart from the rest is its unique hanging function (patent pending). It can be securely attached to the edge of your desk or kitchen table with a thickness between 1.8cm to 5cm, keeping your equipment within reach whilst freeing up valuable surface space (so, more room for that other office essential: coffee). The wooden handle adds a natural aesthetic and makes it easy and comfortable to transport between locations.

If you're looking for smart workspace efficiency, then try this thoughtfully designed compact desk storage. Made from durable material that's crafted from 100% recycled post consumer thermo felt (and is delivered in plastic-free packaging), this portable desk organiser ticks all the right boxes.

Plus, it looks good — with its minimalist design and inviting grey velvet finish, you'll be stylish while staying organised in the office, at home or working hybrid.

But this compact desk storage isn't just for hot desking; it's also perfect for storing your arts and crafts, or other hobby essentials, with a maximum weight limit of 7.5kg.

All done for the day? With dimensions of 38 x 19 x 30cm, your desk tidy box can easily be stored in a locker, cabinet or shelf to free up valuable space.

A portable office caddy that blends home comfort and practical, smart design, our Leitz Hanging Portable Desk Organiser with Handle is the perfect addition for home, office, or school. Stay organised, productive, stress-free and feeling good at work and beyond.
