R1,690

Pro Stylus 2 helps you do more with your tablet and even makes using your phone easier. Use the fine tip to draw and write, and use the round, capacitive end to swipe. Pro Stylus 2 helps you increase your accuracy, edit photos precisely, and avoid fingerprint smudges on your screen. Tilt recognition and palm rejection technology allow you to create nuanced, pixel-perfect artwork and mark-up documents quickly and efficiently. Pro Stylus 2 charges wirelessly and has a long-lasting battery.
