Conceptronic REGAS02W 4-Button Silent USB-C Mouse, Adjustable DPI, Ambidextrous

Model: REGAS02W

Manufacturer: CONCEPTRONIC

EAN: 4015867245408

Product Code: 1662350

R861

The Conceptronic REGAS02W is a 4-button silent USB-C mouse for comfortable, precise everyday control. A silent-click design cuts button noise for quieter work in offices, shared spaces, and at home.

A wired USB-C connection gives stable, reliable performance, and a high-precision optical sensor tracks smoothly with adjustable DPI (800/1200/1600/2400) for the right speed on any task.

The ambidextrous shape suits left- and right-handed use, and plug-and-play setup needs no drivers.
