Capture Every Detail with 4K Ultra HD

The Verbatim AWC-03 Webcam with Dual Microphone upgrades your laptop webcam to something outstanding. Designed for professionals for online video calls, meetings and streaming, the 4K Ultra HD provides exceptional resolution, colour and detail. Find your perfect angle using the webcams ability to rotate 360° and tilt 120° vertically. With a viewing angle of 120° you get a full widescreen view, ideal for covering more than one person or even a boardroom. The autofocus function ensures that your face remains clear on camera while the auto white balance adjusts the image for well-exposed lifelike colours.

Perfect Audio

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The AWC-03 comes equipped with dual integrated omnidirectional microphones capturing audio clearly up to 4 meters away. The noise-reduction technology cancels out unwanted background sounds leaving voices clear, crisp and in focus.

Great for streaming, the LED indicators on the front of the webcam indicate when power is on and when it is recording. It also comes with a privacy lens cover to provide peace of mind and protect the lens when the camera is not in use.

Versatile Mounting Options

The webcam can be attached to the top of a laptop screen with the clamp. This also has an anti-slip surface ensuring it remains stable in use on the laptop or on a desktop. It can also be used with a tripod (not included) to get the perfect height and placement for video calls.

Verbatim AWC-03 webcam supports a variety of the most popular video conference software, including: Zoom, Teams, OBS, Facebook, YouTube, Xbox one, XSplit, Skype, Twitch and Google Meet. Simple and easy to use, just plug into a USB-A port, set it up in your workspace and you're ready to go.
