## R941

## Seamless connection

The Verbatim USB-C to Gigabit Ethernet adapter allows you connect your USB-C or Thunderbolt 3 (USB-C) enabled laptops and MacBooks to a Gigabit Ethernet cable. It is the ideal companion for the latest slimline laptops and MacBooks that come with limited ports, allowing you to connect to wired networks where wireless connectivity is unreliable.

## Portable convenience

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

This ultra-portable brushed metal design makes this adapter perfect for BYOD (Bring Your Own Device) applications at the office and when travelling.
