Expand your Connectivity

Transform a single USB-C® port into six versatile ports, including HDMI, USB-C PD, USB-A 3.2 Gen 1, USB-A 2.0 and SD/microSD card readers. This hub is perfect for connecting multiple peripherals, such as external monitors, flash drives, and memory cards, making it an essential tool for professionals and creatives alike.

High-Speed Data Transfer

Achieve rapid data transfer with USB 3.2 Gen 1 technology, delivering speeds up to 5Gb/s. This is ideal for transferring large files, such as high-resolution photos or videos, in seconds. The USB-A 2.0 port supports up to 480Mbps, ensuring compatibility with a wide range of devices.

Stunning 4K Visuals

The HDMI port provides ultra-high definition 4K video output at 30Hz, enhancing your visual experience whether you're delivering presentations, streaming movies, or extending your desktop to a larger screen. Enjoy vivid, sharp images and smoother video playback.
