3M SKE 4/10, Schrumpfschlauch Schwarz, 3,35 cm, 1 cm, 1 Stck(e), 120 C

Model: 7000061591

Manufacturer: 3M

EAN: 4046719192670

Product Code: 1662452

R1,892

SKE is a semi-rigid, cross-linked modified Polyolefin heatshrink cable end cap with hot melt adhesive. Min. shrink temperature is 120°C, operating temperature is -30°C to +135°C. SKE is RoHS compliant, halogen free and provides good corrosion resistance. On application of heat the adhesive melts and the part shrinks forming a perfect watertight seal. End caps are designed for quick and easy insulation, sealing of cable end for indoor and outdoor applications and provides resistance to abrasion, weathering and chemical attack. SKE is available in sizes from 8/4 mm to 126/63 mm with a wall thickness (recovered) of 2,5-4,0 mm and color black. Standard packaging in bulk- or standard-pack.
