Forget about disposable batteries—Focus features a built-in 250 mAh rechargeable lithium battery for hassle-free power. Simply use the included USB-C cable to recharge quickly between sessions. Whether you’re presenting in a corporate boardroom or teaching in a classroom, you’ll appreciate the ease and efficiency. With up to 30 metres of wireless range and a powerful red laser pointer, you’ll move freely and confidently through your presentation.

## Universal Compatibility, Instant Setup

No drivers, no delays—just plug and present. The Focus Presenter includes both a USB-A receiver and a USB-C adapter, ensuring broad compatibility with virtually all modern devices. It works perfectly with Windows, macOS, Android, and Linux systems, making it an ideal choice for hybrid users and cross-platform environments. Its slim profile and included travel pouch make it a must-have tool for mobile professionals.
