

LogiLink NP0065 patch panel 0.5U

Model: NP0065

Manufacturer: LOGILINK

EAN: 4052792050523

Product Code: 1662980

R1,003

Compact small patch panel for installation in a 10 "wall cabinet, ideally suited for the transmission of digital and analogue voice, image and data signals of class E (250 MHz) or EA (500 MHz). Combined with the appropriate data cables, this patch panel is suitable for all Ethernet applications including 10 Gigabit Ethernet, PoE and PoE +. Very high port density due to half height (0.5 HE)
