Cat.7 600MHz Installation Cable 26 AWG S/FTP, 100m, white" from LogiLink Professional

Due to its small diameter, the installation cable Cat.7 from LogiLink is ideally suited for home or office cabling for distances up to 60 m. With foil pair and mesh shielding, it is doubly protected against interference. The 4-pair simplex cable with 8 copper conductors AWG 26/1 is ideal for connecting outlets, distributors and modules with LSA technology. The white jacket is made of halogen-free, flame-retardant material and complies with the European Eca class. This Cat.7 cable from LogiLink is suitable for telephone and Ethernet cabling up to 1000 Mbps.
