Gaming excellence by Fnatic Pro-Players met INZONE development. INZONE Buds is here through the collaboration. Check out the video to see how they are ready to give you the winning edge.

Superior sound helps you stay on top

Compact and fully wireless without compromising on sound. The INZONE Buds use an 8.4 mm driver, Noise Cancelling technology, and spatial sound personalisation for the user's ear, to give you quality and realism that you'd never expect from such a compact casing.

Industry-leading 12-hour battery with 2.4 GHz connection1

The new low-power consumption processor L1 provides up to 12 hours2 of battery life in the headphones, with up to 24 hours total battery life with the charging case. With the industry's longest battery life1, the INZONE Buds are ready to power longer sessions and revolutionise your gaming.

Low latency allows enhanced precision

A USB-C® dongle connection provides latency of less than 30 ms so there will be nothing to hold you back.

Increased comfort. More gaming.
With a truly wireless design, compact size and lighter contact in-ear, you can enjoy longer gaming sessions in greater comfort.
