Moving is really fun with the BABY born rainbow wardrobe! As Berta the duck is pushed over the rainbow, it lights up. Berta plays a cheerful melody that puts her in a good mood as she picks out today's outfit. Thanks to the clothes rail, shelves and removable drawers, there is plenty of room for doll's clothes. Bags or similar items can be hung on the cute cloud hooks on the outside of the wardrobe. BABY born's complete outfit can be admired in the full-length mirror. The wardrobe itself can also be made even more colourful with the sticker sheet.
