Clear Sound for Modern Devices

Designed for today's USB-C world, the Verbatim TruSound Headset delivers seamless audio connectivity across smartphones, tablets, laptops, and USB-C enabled devices. With its clear and balanced sound profile, it enhances everything from video calls and virtual meetings to music streaming and media playback. The integrated microphone ensures your voice is heard clearly, making it an ideal companion for both work and leisure.

Comfort That Lasts All Day

Built with convenience and comfort in mind, the TruSound Headset features cushioned on-ear pads and an adjustable headband to ensure a comfortable fit for extended use. Its lightweight structure reduces fatigue, while its durable construction offers long-lasting performance. Whether you're participating in long meetings, attending online classes, or enjoying extended gaming sessions, the
