The TC5X Series - the Wi-Fi only TC52x with Wi-Fi 5 (802.11ac), the Wi-Fi only TC52ax with Wi-Fi 6, and the Wi-Fi 5/cellular TC57x deliver the ultimate in rugged design, performance, and ease of use. The TC53/TC58, the new generation of the Zebra TC5X series mobile computers, is designed to do more with new hardware and software innovations that redefine mobile computing performance. No matter which models you choose, your workers get a user experience in a class of its own and all the latest technology advancements to work smarter — and faster.

Benefits of the TC5X Series

The Ultimate User Experience

The TC5X Series mobile computers have it all — from the familiarity of Android to the first-time every-time capture of barcodes, more Wi-Fi range and speed, video streaming, secure messaging, and the most powerful family of read-to-use voice solutions.

The Ultimate in Technology Advancements

You get maximum computing power to handle the apps of today and tomorrow, rich locationing support, more reliable Wi-Fi connections; high-quality voice; color cameras to capture ultra-high resolution photos and video intelligence and much more.

The Ultimate in Value-add Features

With Zebra’s powerful Mobility DNA suite, you get more value out of your mobile computers by adding functionality as well as simplifying deployment and management of your mobile devices, driving productivity and device control to a new level.
