MOVA S10 Plus cleaning robot

The MOVA S10 Plus cleaning robot is a reliable helper for keeping your home spotlessly clean. Let yourself relax while the MOVA S10 Plus takes care of the cleaning! This advanced device combines vacuuming and mopping functions to handle any type of dirt on different surfaces. Its powerful suction of 7,000 Pa, using Vormax™ technology, and innovative VibroTurbo mopping system make sure dirt and stains don't stand a chance. With a 5200 mAh battery, the robot can handle up to 200 sq. ft. on a single charge, and with advanced navigation systems and compatibility with voice assistants like Alexa and Google Assistant, it's extremely easy and intuitive to use. It also comes with a base where the robot automatically removes dirt.

Up to 90 days without dirt removal

With MOVA S10 Plus you save not only time, but also effort! In the package with the robot you will find a base, supporting the DualBoost 2.0 system. After the cleaning is completed, the robot

automatically heads to it, and then removes dust and debris collected during the work. They land in a 4-liter bag that captures even the finest particles with an efficiency of 99.7%, which means you don't have to worry about secondary contamination. This means you can forget about manually removing the contents of the bag for up to 3 months! At the base, the robot renews its energy and waits ready for the next cleaning sessions.

Vormax™ enhanced suction

It doesn't matter if your home has panels, tiles or carpets. The MOVA S10 Plus cleaning robot effectively eliminates dirt on any surface with its powerful 7,000 Pa suction. With its help, crumbs, dust or pet hair are no longer a problem. The additional Carpet Boost function intensifies the suction power on carpets for deep cleaning. Forget about the mess and enjoy a spotless clean!

Innovative VibroTurbo system

The MOVA S10 Plus robot is equipped with Supersonic Vibration technology, which scrubs floors at 3,500 times per minute. This allows it to effectively deal with tough stains and dried dirt, while remaining gentle and not scratching the surface. You can also adjust the trajectory of the robot's movement to make cleaning even more precise and scratch-free.

Perfect edge cleaning

Let the robot take care of every nook and cranny in your home. MOVA S10 Plus will reach hard-to-reach corners with its special brush. The robot effectively picks up dust and dirt from corners or spaces along the walls, ensuring comprehensive cleaning of every corner.

Lifting mops and brushes

For your convenience, the MOVA S10 Plus robot is equipped with a unique mop and brush lifting technology that prevents accidental wetting of carpets and leaving unsightly marks on just-cleaned floors. This smart solution enhances the robot's functionality while allowing it to clean hard floors and carpets without the risk of damage or soiling. Your floors will always be shiny and dry, with no extra effort on your part.

Advanced navigation

You don't have to supervise the robot's work! MOVA S10 Plus offers precise cleaning route planning thanks to LiDAR technology and SLAM algorithm. This system enables the robot to effectively avoid obstacles and ensures that no area is missed. This solution ensures that cleaning is not only thorough, but also extremely efficient. Enjoy cleanliness and get more time for yourself!

Extended work time

The MOVA S10 Plus robot reaches new standards in performance, allowing you to clean large areas without the need for frequent recharging. Thanks to its 5200 mAh battery, the robot can run for about 200 minutes, allowing it to effectively clean acreages of up to 200 m². Its water tank, with a capacity of 300 ml, provides longer mopping sessions without the need to refill water, optimizing the cleaning process.

Ease of use

Enjoy modern solutions that make operating the robot extremely intuitive. A special app allows you to precisely program the robot according to your needs, from multi-level mapping to setting exclusion zones. Thanks to integration with voice assistants such as Alexa Siri and Google Assistant, managing the robot becomes even easier. Just a voice command is all it takes to start cleaning or adjust settings, giving you full control over the process without the need for physical intervention.

Included

- Robot
- Charging station
- Side brush
- Power cord
- Installed mop pad
- Installed mop pad holder
- User manual
- Quick start guide
- Installed water tank
