Mova K10 cordless mop upright vacuum cleaner.

Now you can easily take care of impeccable cleanliness in your home. The Mova K10 cordless upright vacuum cleaner allows you to not only vacuum, but also mop your floors - it offers a suction power of up to 6,300 Pa and a specially designed brush that can perfectly handle even the most stubborn dirt. It is also distinguished by a run time of up to 30 minutes and a lightweight, ergonomic design. This makes cleaning much more enjoyable! The device also supports voice prompts and has a built-in LED display.

Fast and thorough vacuuming

The Mova K10 vacuum cleaner is equipped with a powerful motor that operates at up to 35,000 rpm and provides a suction force of 6,300 Pa. As a result, it quickly and effectively eliminates debris such

as dust, crumbs, pet hair and more. Make it easy to fight dirt and enjoy a perfect clean!

Convenient floor cleaning

With the Mova K10 vacuum cleaner, you can also thoroughly wash your floors - easily deal with even stubborn stains. Say goodbye to ordinary, impractical mops! The device is equipped with 2 water tanks - one for clean water (890 ml) and the other for dirty water (600 ml). Thanks to this, you don't have to worry about dirt finding its way back onto your just-cleaned panels or tiles! In addition, the vacuum cleaner supports the self-cleaning function - no more getting your hands dirty.

Long working time

Forget about unwanted interruptions in cleaning. The vacuum cleaner is equipped with a set of batteries with a capacity of 7x 2400 mAh, so its working time in Auto mode reaches 30 minutes. This is enough to thoroughly clean floors of up to 200 sqm! This means that the Mova K10 will work perfectly even in larger apartments and houses.

Deal with dirt in every nook and cranny

Thanks to its specially designed brush, Mova K10 easily removes dirt even along the edges - for example, at the skirting boards or in tight corners. Now you can effortlessly bring order to almost every nook and cranny! What's more, the device is equipped with two scrapers - the front, hard, one perfectly deals with pet hair, hair and other dirt, while the rear, rubber one removes water residue for a flawless finish.

Smart solutions

Want to make cleaning even easier? Mova K10 will help you do just that! The vacuum cleaner is equipped with a smart LED display that will provide you with information on the selected suction mode, battery level and how full the water tanks are, among other things. Just take a look! The device also supports voice messages - it will keep you informed about the most important cleaning issues.

Effective cleaning without effort

Despite its powerful capabilities, the vacuum cleaner is relatively light - it weighs only 3.8 kg. This makes it easy to move it between rooms or lift it up to vacuum the ceiling or curtains! In addition, the built-in drive automatically steers the device forward, making it much easier to drive. But that's not the end of the conveniences - the swivel design allows you to maneuver the vacuum cleaner effortlessly, and the ergonomic handle guarantees even greater comfort. Find out that cleaning can be fun!
