Manufacturer: MOVA

EAN: 6977728943176

Product Code: 1663976

R1,901

MOVA Shine 10 hair dryer (gold)

The MOVA Shine 10 hair dryer will allow you to dry your hair quickly and safely. With innovative AeroBlossom™ technology and a powerful 110,000 RPM motor, the dryer provides even airflow and reduces drying time by up to 40 seconds for short hair. The use of negative ions and airflow control protects hair from damage. The package also includes a concentrator for easy styling.

AeroBlossom™ technology

The AeroBlossom™ technology used makes sure that the airflow is evenly distributed throughout the dried hair. The brushless motor runs at 110,000 RPM, generating a 65 m/s supply of air. This reduces the dryer's drying time by up to 40 seconds for short hair, about 2 minutes for shoulder-length hair and up to 4 minutes for long hair.

4 operating modes

MOVA Shine 10 offers several modes, allowing you to customize the dryer's performance. Cool Air mode gently smooths and fixes the hairstyle, Scalp takes care of the scalp, and Quick Drying guarantees instant drying. In addition, the Kids mode designed for children offers gentle drying and is also suitable for pets.

Hair protection with ionization and temperature control

The MOVA Shine 10 generates 300 million positive and negative ions, which close the hair's scales, reduce static and help retain natural moisture. As a result, hair is less frizzy, smoother and shinier. In addition, the NTC sensor analyzes the blowing temperature as many as 1,000 times per second. This makes drying safe and reduces the risk of dry hair and scalp irritation.

Included

- hair dryer
- concentrator
- instruction manual

Manufacturer	MOVA
Model	Shine 10
Motor type	brushless
Ionization	Yes
Operating modes	4
Temperature control	Yes
Airflow	65 m/s
