Model: HMH15A silver

Manufacturer: MOVA

EAN: 6977728943169

Product Code: 1663977

R1,939

MOVA Shine 10 Hair Dryer (Silver)

The MOVA Shine 10 hair dryer lets you dry your hair quickly and safely. Thanks to innovative AeroBlossom™ technology and a powerful motor spinning at 110,000 rpm, the dryer ensures even airflow and reduces drying time by up to 40 seconds for short hair. The use of negative ions and airflow control protects your hair from damage. The package also includes a concentrator nozzle to make styling easier.

AeroBlossom™ Technology

The AeroBlossom™ technology ensures that the airflow is evenly distributed across the entire surface of the hair being dried. The brushless motor operates at 110,000 RPM, generating airflow at 65 m/s. As a result, the dryer reduces drying time by up to 40 seconds for short hair, about 2 minutes for shoulder-length hair, and up to 4 minutes for long hair.

4 operating modes

The MOVA Shine 10 offers several operating modes, allowing you to customize the dryer’s performance to your needs. The Cool Air mode gently smooths and sets your hairstyle, the Scalp mode cares for your scalp, and the Quick Drying mode guarantees instant drying. Additionally, the Kids mode, designed for children, offers gentle drying and is also suitable for pets.

Hair Protection Through Ionization and Temperature Control

The MOVA Shine 10 generates 300 million positive and negative ions that close the hair cuticles, reduce static, and help maintain natural moisture. As a result, hair is less frizzy, smoother, and shinier. In addition, the NTC sensor monitors the airflow temperature up to 1,000 times per second. This ensures safe drying and reduces the risk of over-drying the hair and irritating the scalp.

Included

- hair dryer
- concentrator nozzle
- user manual

Manufacturer	MOVA
Model	Shine 10
Motor type	brushless
Ionization	Yes
Operating modes	4
Temperature control	Yes
Airflow	65 m/s
Weight	345 g (without power cord)
Noise level	58 dB
