

ACT Powercord C13 IEC Lock+ - C14 IEC Lock Dual Locking red 2 m, PC3615 (AK5514)

Model: AK5514

Manufacturer: ACT

EAN: 8716065519693

Product Code: 1664540

R1,097

The IEC dual lock power cable offers dual locking (C13+C14) with a unique connector on the PDU side, locking at the top and at the side, which makes the cable extra protected against accidental disconnection in the PDU. In short, even more security. The locking mechanism is universal and works with all known brands of PDUs.

The IEC lock prevents undesired disconnection/release of the cable both on the equipment side and on the PDU side, thus minimizing the risks of damage and downtime.

The IEC lock is applicable in Europe, Australia, (10A/250V~) America, Canada and Japan (15A/250V~).
