LG MH6535GIS microwave Black Combination microwave Over the range 25 L 1000 W

Model: MH6535GIS

Manufacturer: LG

EAN: 8806087910285

Product Code: 1665004

R4,181

Smart Inverter

LG Smart Inverter technology provides precise power for reheating and defrosting an even wider range of foods. Thanks to the precise temperature control, more dishes can be prepared with a microwave than before.

Anti-Bacterial EasyClean™ Coating

The antibacterial EasyClean™ inner coating ensures easy and convenient cleaning. The microwave cooking chamber can be easily cleaned with a wipe. The coating prevents 99.99% of harmful bacteria from sticking to the surface.

LED White Lamp

The white LEDs used in the cooking chamber are three times brighter and more energy-efficient than the bulbs in conventional models. The doneness can be easily checked without having to open the microwave.

Stable rotating bezel

The innovative hexagonal roller ring stabilises the turntable at six points and thus protects elements that are not centrally placed against tipping and slipping.

Compact size, more capacity

The NeoChef™ microwave is compact and offers large cooking chamber. Thanks to its compact size, the microwave fits into even the smallest kitchen and allows you to prepare larger dishes.

Uniform heating

Thanks to the fine-tuned temperature control, each dish can be heated evenly and thus ensures a pleasant taste experience.
