R5,802

Retro style meets cutting-edge performance

Make a statement with powerful sound and distinctive retro style. The JBL Authentics 200 speaker recalls JBL’s iconic ‘70s styles— featuring a Quadrex grille, custom leather-like enclosure, and premium aluminum frame, now with even better performance and versatility. As impressive as the retro design looks in any room, it sounds even better. Turn up the music and you’ll get big, balanced sound, amazing clarity, and deep bass. With Google Assistant and Amazon Alexa available simultaneously, you can play your favorite music, control your smart home devices, and more, hands-free, using just your voice.
