The GVT-1001 is the ultra-slim plug-and play 10/100/1000Base-T to 1000Base-X media converter which is designed for applications where compact size, light weight and low power are critical requirements. It can be easily installed in tight places or conveniently slip into any pocket or laptop carrying case for easy portability with its ultra-slim size and super light weight.

This Ultra-Slim RJ45 to SFP gigabit media converter can be USB powered by USB 1.0 or 2.0 port, which is ideal for connections to fiber in areas where a spare power outlet may not be available. When plugged into a computer's USB port, the media converter shuts down automatically when you turn off the computer, which saves energy. So this ultra-slim media converter is an ideal solution for fiber-to-the-laptop where it needs Gigabit connectivity but local power isn't available. For applications not utilizing USB power, this converter is also available with a USB power adapter, providing compatibility with electrical outlet types. This media converter supports Jumbo frame 10 Kbytes and watchdog function, it can automatically reboot if frozen.
