

Equip SC APC Coupler, Single-mode simplex

Model: 156144

Manufacturer: EQUIP

EAN: 4015867176658

Product Code: 1665734

R824

The equip® Fiber Optic Adapter/Coupler is the optimal solution when you need to bridge two fiber patch cables together. This product is able to mount on the patch panel and thus you can install it with the existed cabling system sturdily. Moreover, the dust-free cap protects the connection from damage and thus enhance the durability.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
