

# **Equip Cat.6A S/FTP Patch Cable, Angled to Straight plug, 5.0m, White**

Model: 605804

Manufacturer: EQUIP

EAN: 4015867235157

Product Code: 1665904

## **R840**

The Cat.6A S/FTP Patch Cable with an Angled to Straight plug is a high-performance Ethernet cable designed for various networking applications. Its unique feature is the angled connector on one end and a straight plug on the other. This design reduces cable strain and allows for efficient cable routing in tight spaces.

The cable is constructed with S/FTP (Shielded Foiled Twisted Pair) technology, providing excellent protection against electromagnetic interference (EMI) and ensuring optimal signal quality. It's compatible with Cat.6A standards, capable of supporting high-speed data transmission up to 10 Gbps.

The angled connector allows for easy and secure connections, even in areas with limited space. It's suitable for use in professional networking environments, data centers, offices, and home setups.
