TUF GAMING A2

Fast and Tough for Boundless Gaming

Engineered for unmatched durability, TUF Gaming A2 is the ultimate storage solution for gamers seeking speed and reliability. USB-C® 3.2 Gen 2x2 connectivity enables data transfer speeds of up to 20Gbps—twice that of TUF Gaming A1! With IP68-rated water- and dust-resistance plus durability that meets U.S. MIL-STD-810H standards, TUF Gaming A2 keeps the SSD safe in almost any environment. Additionally, a silicone-rubber exterior provides superior on-the-go protection, further safeguarding the SSD. Inside, an efficient thermal management system delivers outstanding cooling, while the Q-Latch mechanism allows for easy, tool-free SSD installation. With broad compatibility across PC, Mac, mobile devices, and the latest game consoles, TUF Gaming A2 is perfect for anyone looking to maintain an extensive library of games.
