R13,270

The Ultimate Cable Management Solution

The patchbox.one with its retractable Cat.6a cables is the ultimate solution for keeping your network rack forever organized, efficient, and future-proof. It is equipped with super-flexible twisted pair cables that are retractable, lighter and easier to handle.

Say Goodbye to Cable Chaos

With 24 retractable cables neatly stored inside modular cassettes, your rack stays tidy, reducing clutter and improving airflow.

Up to 50% More Usable Rack Space

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

By storing excess cable length where it doesn’t bother you and removing conventional cable managers, patchbox.one frees up precious rack space.

10x Faster Installation & Troubleshooting

Every cable retracts to your desired length—no measuring, no zip ties. IT Technicians can work significantly faster and more accurately and downtimes can be reduced by up to 90%.

High-Speed, PoE-Ready Performance

Cat.6a cables meet ISO/IEC 11801 Class Ea standards and support PoE (STP) and PoE++ (UTP), ready to power your devices.

Color-Code for Instant Overview

Choose from 8 different cable colors—ideal for cable-coding your rack setup.

Optimized for Your Rack Size

While our 8RU version includes 0.8m cables for compact racks, the 30RU version comes with 1.8m cables, ideal for full-height network cabinets.

Modular and Customizable

Cassettes can be replaced or rearranged in seconds—adapt to your changing infrastructure without starting over.

Built to Last, Backed by Warranty

patchbox.one and all cables come with a 10-Year Warranty, delivering reliability you can trust in mission-critical environments.
