That robust frame

This mounting frame for 2.5" and 3.5" SATA/SAS HDD in height of up to 2.54 cm is made out of the highest quality metal. It is to be mounted in a 5.25" bay. An integrated 30 mm fan makes sure the hot air from inside is transferred outside. This make this mobile rack to an ideal partner in the industry area.

Two is better

That is why our mobile rack has a lock to it. Additionally, two thumb screws can be added to the front of the rack for maximum security.

Faster on the way

The internal chipset support SATA III and SAS II with 6 Gbit/s. In this way the data is transmitted in a breeze. Thanks to the support of HotSwap and Plug & Play it is as easy as it can get to replace an HDD.
