A white smooth coated direct thermal label stock that produces black visible light images at speeds of up to 152 mm per second on all Zebra industrial and desktop printers. The ultra-removable rubber-based adhesive provides excellent tack for most packaging and plastic and metal surfaces and allows for clean removal.

Both current and discontinued printers are included in the compatible printers list. For current printers only, click the printer name to view more detailed information.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
