Generous Desktop Dimensions

Spaciously sized at an impressive 180 x 80cm or a more compact 160 x 75cm, there's more than ample room on the E- Grav desktop for you to use as a gaming, creative, or work surface.

Structural Stability

The E-Grav's expansive desktop is supported by four round legs in a robust quad formation, blending elegance with rock-solid stability. Dual motors evenly share the load, achieving smoother and more balanced height adjustment.

The electric height adjustment featuring 2 memory presets enables you to find and save your perfect preferred height, whether sitting or standing.

Safety First

Safety shields cover the transmission shafts and motors of the height adjustment mechanism, preventing accidental bodily contact with moving parts or clothing snags.

Clutter Free

Cable management tray and headset hanger frees setup from clutter.

Textured Laminate

The carbon fiber-textured laminate gives the desk surface a sleek, modern look.

Full Desk Mousepad

The full-surface mousepad covers the entire desktop, ensuring full freedom of movement for your mouse.
