Measuring 216mm x 303mm with a film thickness of 80 microns, these laminating pouches are perfect for everyday use and are suitable for all hot laminators, provided the micron count specified by the manufacturer is not exceeded. The films have a glossy surface and are intended for hot lamination only. Ideal for frequent-use laminators, the transparent films are available in units of 100 per carton. If you have a smaller need, however, the HP Everyday laminating pouches Small Pack with 25 foils is the right choice.
