3M™ 6055 gas and vapour filter cartridges are replacement cartridges for 3M™ 6000 series reusable half-face respirators. They're lightweight and their unique trapezoidal shape means users have a good field of vision. Rated A2 against organic gases and vapours.

Use 3M™ 6055 gas and vapour filter cartridges to help provide A2 protection while spray painting (in combination with P2 or P3 protection), brush or roller painting. These replacement filters are for use with 3M™ 6000 series reusable half-face respirators. Designed with activated carbon to provide A2 protection against organic gases and vapours such as solvent based paint, adhesive and cleaning detergents. They're lightweight and their unique trapezoidal shape means users have a good field of vision. They comply with European standards.
