R832

3M SecureFit 400 Safety Eyewear are our wraparound safety glasses with a clear, strong polycarbonate anti-scratch lens. They feature padded temple touchpoints above the ears and soft adjustable nose pads to ensure a comfortable fit. The lightweight design weighs just 19 g and features bold neon green temple arms to help the glasses stand out.

For wraparound eye protection and comfort, use 3M™ SecureFit™ 400 Safety Eyewear. Our clear, lightweight safety glasses weigh just 19 g and feature padded temple touchpoints above the ears, and soft adjustable nose pads for a close and comfortable, personal fit. The wraparound design helps to give the user a wide field of vision and the bold neon green temple arms make them easily identifiable. These glasses are unisex, designed to help protect eyes with 99.9 % UV radiation resistance, and are compatible with 3M's range of Hearing Protection and Respirators. Tested and approved to comply with European Standards - CE marked (EN 166:2001 1 FT), a pack contains one
