HEAT BEAT CASE

A cool cover that keeps your phone running smoothly in the heat. Whether you're baking in the sun, out in the city, on the bus, or gaming, this case efficiently dissipates heat and keeps your phone cool. This also protects your battery and prevents your phone from overheating and cutting out.

With its bold design and phenomenal protection, the case has been drop-tested from a height of 3.6 meter on all corners and angles. This ultra-thin, lightweight cover is made from recycled materials, emphasising your personal style. It also supports wireless Qi charging and offers optimised camera protection.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
