The metal AC8376 Cable Management Tray keeps your desk tidy and clean and your cabling organized. The cable tray is easily extendable and adaptable to the preferred width: 80, 100 or 120 centimeters and thus suits to various desk sizes. The tray has enough storage capacity for storing a power strip, adapters and cabling. And the best part: mounting without screwing or drilling. Easily attach the tray underneath a desk (max. thickness 50mm) with the enclosed clamp mount. The AC8376 can be used with a monitor mount with clamp mount.

Transform the cable clutter on and under your desk into a tidy and clean looking work space with help of a cable tray. This solid metal cable tray helps you to guide all the cabling to a central point underneath the desk. The AC8376 cable tray offers enough space for storing a power strip.

Extendable to various sizes

The AC8376 cable management tray has an extendable design. The width can vary from 80 centimeters, 100 centimeters up to 120 centimeters. Both the metal design and the space in between the tray and the desk ensure a good heat dissipation when storing a power strip and chargers.

Clamp mount: mounting without screwing or drilling

We can imagine that drilling holes through a desk or table isn’t your favorite thing to do. That’s why we provide clamp mounts with the extendable cable management tray. This clamp mount ensures easy installation of the tray onto the desk with a maximum thickness of 50mm.
