# ACT DD1910 networking cable Black 10 m Cat6 U/FTP (STP)

Model: DD1910

Manufacturer: ACT

EAN: 8716065552737

Product Code: 1676401

## R1,053

This CAT6A U/FTP slimline cable is specially designed for situations with limited space, without having to worry about bending radius. The 360° rotatable RJ45 connectors allows to lay the cable exactly how it is needed, for a neat and organized installation. Thanks to the thin 4mm cable jacket, it will also improve airflow in cabinets, improving cooling. 100% tested quality and a 5-year warranty.

CAT6A U/FTP slimline datacenter patch cables are smaller in diameter (4mm vs 5.9mm) than regular CAT6A patch cords. Their smaller bend radius also improves upon that of standard patch cords. This leads to better airflow in the server rack or network cabinet.

The patch cable has angled 360° rotatable/swivel RJ45 connectors. Ideal for situations where space is limited without compromising the bend radius. For example in network cabinets and behind

equipment.

The ACT U/FTP patch cable features full copper 32AWG wires and 50µ gold-plated RJ45 contacts. The full copper wires provide superior conductivity and durability, ensuring reliable and efficient data transmission. The 50µ gold-plated RJ45 contacts offer enhanced corrosion resistance and improved signal quality, resulting in better overall performance and longevity.
