ACT Grey 10 meters LSZH S/FTP CAT6A slimline patch cable snagless with RJ45 connectors

Model: DB7010

Manufacturer: ACT

EAN: 8716065601916

Product Code: 1676404

R1,113

The ACT S/FTP CAT6A datacenter slimline patch cables ensure a max. bandwidth of 500MHz (10Gbit). The patch cables have full copper 30 AWG wires and 50u gold-plated RJ45 contacts. All cables comply with international standards and are 100% tested.

CAT6A S/FTP slimline datacenter ethernet cables are smaller in diameter (4.5mm vs 5.9mm) than regular CAT6A patch cords.

The cables have a smaller bending radius in comparison with regular patch cords. This results in a better airflow in the server rack/network cabinet.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The application of a LSZH (Low Smoke Zero Halogen) cable jacket reduces the risk of high concentrations of toxic gases in case the cable is damaged due to fire or short circuit.

Although, ISO/IEC and TIA standards describe the use of patch cords between 22 and 28 AWG, it is possible to use 30 AWG patch cables. This results in a higher attenuation, particularly at higher frequencies.
