# ACT C19 IEC Lock+ rewireable black, PA190100BK

Model: PL9000

Manufacturer: ACT

EAN: 8716065552881

Product Code: 1676525

# R872

## DESCRIPTION

The ACT C19 IEC Lock + rewireable connector is suitable for all devices with a C20 power connection. The IEC Lock + feature offers extra protection against accidental disconnection in critical equipment with a C20 power connection. The locking mechanism is universal and works with all major PDU brands. The PDU doesn’t need to have its own locking mechanism and no tools are required to lock and unlock the connector. The IEC Lock prevents accidental disconnection/release of the cable from both the equipment and the PDU. This minimizes the risk of damage and downtime. The LSZH (Low Smoke Zero Halogen) housing of the connector reduces the risk of high concentrations of toxic gases in case the connector is damaged by fire or short circuit. The ACT IEC Lock can be used in Europe, Australia (16A/250V~), USA, Canada and Japan (20A/120V~).
