

ACT Patch panel 48-port keystone unloaded 19" 1U high density

Model: PP1031

Manufacturer: ACT

EAN: 8716065529685

Product Code: 1676720

R1,354

The PP1031 48-port patch panel is a high density modular panel to accommodate up to 48 keystone jacks in a single height unit (1U). This space-saving patch panel is suitable for both shielded and unshielded compact CAT6, CAT6A and CAT8 keystones. Keep the cables organized with the cable management bar and easily identify the ports with the port identification labeling.
