

ACT Lockable zone enclosure patch box 8 slots for fiber and copper

Model: FA2035

Manufacturer: ACT

EAN: 8716065532074

Product Code: 1676855

R2,828

The ACT lockable zone enclosure patch box is a good solution to organize the network infrastructure. By using zone enclosures you can take advantage of a zone cabling infrastructure and be more flexible with moves, changes and additions to the network infrastructure. This multifunctional patch box functions as a consolidation point for both fiber and copper cabling. The enclosure simplifies cable management and reduces the risk of cable damage. The zone enclosure patch box can accommodate 8 cassettes/adaptor plates and is suited for pre-terminated MTP and splicing. Two sets of keys, two half round overlength spools, an optical fiber management spool and M20 cable glands are included. The FA2035 supports raised floor, ceiling and wall installation.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
