Cromargan®: stainless steel 18/10 delivering impressive durability, a pleasant feel, and a playful modern aesthetic that never fails to impress.

Exceptional blending power

Enjoy fast and perfect blending results with an output up to 1400W for 25000 RPM per minute, ensuring easy smoothies, crushed ice and purees in no time.

WMF Safe Handling

A smart system lets you use your blender with total peace of mind, with blending operations that only run when the lid and glass jug are properly attached.

Premium glass jug

With a generous 1.8 L capacity ideal for daily use and special occasions, enjoy smoothies blended to perfection, with premium glass for long-lasting performance.

WMF Perfect Cut

The high-efficiency 4-blade stainless steel knife offers durable performance at uncompromising standards of quality, with a removable blade design for easy cleaning.

Powerful motor

The powerful motor with variable speed setting and pulse function covers a wide range of preparations, for ultimate versatility and perfect blending time after time.

3 automatic settings

Presets for smoothies, crushed ice and purées—along with variable speed settings and a pulse function—offer a high-performance blender that couldn't be easier to master.

Easy-to-use control panel
