

MikroTik SXTsq Lite5 (RBSXTSQ5ND)

Model: RBSXTSQ5ND

Manufacturer: MIKROTIK

EAN: 5902560369083

Product Code: 1678009

R1,478

The **Mikrotik SXTsq Lite5** is a high-performance wireless device designed for efficient data transmission in the **5 GHz** frequency range. This model, identified by the product code **RBSXTSQ5ND**, is part of Mikrotik's renowned line of networking solutions, known for their reliability and advanced features. The SXTsq Lite5 is ideal for various applications, including point-to-point links and outdoor wireless networks, making it a versatile choice for both home and business use.

Equipped with an Ethernet LAN interface, the **SXTsq Lite5** supports data transfer speeds of **10/100 Mbit/s**, ensuring fast and stable connectivity. This capability is essential for users who require seamless internet access for streaming, gaming, or other bandwidth-intensive tasks. The device's design allows for easy integration into existing networks, providing a straightforward solution for enhancing connectivity.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The **Mikrotik SXTsq Lite5** also features **Power over Ethernet (PoE)** support, which simplifies installation by allowing the device to receive power and data through a single cable. This functionality is particularly beneficial in outdoor settings where power outlets may be limited. With a maximum power consumption of just **6 W**, the device is energy-efficient, making it an environmentally friendly option for users.

In terms of aesthetics, the **SXTsq Lite5** comes in a sleek **white** color, blending seamlessly into various environments. Its compact design and robust build quality ensure durability, even in challenging outdoor conditions. Overall, the **Mikrotik SXTsq Lite5** stands out as a reliable and efficient solution for enhancing wireless connectivity, making it a valuable addition to any networking setup.
