An 8.2L small form factor desktop — the ThinkCentre Neo 50s Gen 5 SFF blends into your professional environment boldly with a brand-new design and classy look. Suitable for any workplace or healthcare setting, this PC boasts multiple smart features, connectivity, and collaboration options to increase your productivity and performance all the way.

Always Cool & Efficient

Elevate your PC’s performance and longevity with Intelligent Cooling Engine (ICE) 7.0 — transition easily between adaptive cooling modes and keep your system cool and efficient. Also, the ThinkCentre Neo 50s Gen 5 SFF ensures a quiet ambiance for dedicated work without disturbances, with TÜV Ultra Low Noise certification.

Secured Inside Out

ThinkShield security delivers hardware and software solutions, including discrete Trusted Platform Module (dTPM) 2.0 to safeguard data, and BIOS-based Smart USB protection to prevent unauthorized access via peripherals. Keep physical theft at bay with Kensington Security Slot™, padlock loop, optional cable lock, or an intrusion switch cable.

Enjoy Multidevice Collaboration

Share lesson plans between PCs, tablets, and mobile phones to enhance classroom collaboration through the Smart Connect app and enjoy cross-device interaction. Multitask by accessing multiple peripherals via optional Smart Cable, diverse ports, and expansion slots like a 3-in-1 card reader, serial, parallel, etc. for maximum productivity.

Next Level Performance & Innovation

Take your business to new heights with up to Intel® Core™ i7 processor (14th Gen) — combining innovation and productivity to boost performance. Plus, the ThinkCentre Neo 50s Gen 5 SFF seamlessly handles complex tasks and creative projects — thanks to flexible storage options, vast memory, and an optional Intel® Arc™ graphics processing unit (GPU).
