ProArt PA401 - Mesh Panel

Modern Aesthetics, Optimal Airflow

Engineered for optimal airflow and offering an organized and efficient design, the ProArt PA401 is ideal for home office setups. With two pre-installed 160mm front fans and one 120mm rear fan, it also delivers reliable thermal performance. And this case is constructed for easy PC building, including a left-side panel lock, detachable PSU bracket and integrated rear cable clips.
